PROFESSIONAL SUMMARY

Hands-on experience building ML-based intrusion detection and real-time computer vision systems. Seeking a software engineering role where I can apply my interest in computer networking.

EDUCATION

B.Tech Information Technology | Government College of Engineering, Erode | 2024 – 2027

CGPA: 8.66 / 10 (as of current semester)

TECHNICAL SKILLS

Languages & Databases: C, Python, SQL

AI/ML & Networking: Classification Models (SVM, Decision Trees), Data Preprocessing, Intrusion Detection Systems, Network Monitoring, Vulnerability Analysis

Tools: Linux, Git, OpenCV, Opencode, Antigravity

Core Concepts: Computer Networking

INTERNSHIP

AI & Data Science Intern | TVK Technologies | 16 Jun 2026 – 30 Jun 2026

- ▶ Developed an **AI-driven Smart Examination Monitoring System** in Python, building core modules for real-time candidate activity monitoring during online examinations.
- ▶ Authored technical documentation for system modules and collaborated with the development team on feature design and code integration.

PROJECTS

◆ **Driver Drowsiness Detection System**

Tech Stack: Python, OpenCV, Haar Cascade Classifiers

- ▶ Engineered a real-time computer vision system detecting driver fatigue through eye-state analysis at 30 FPS, triggering audible alerts within 2 seconds of prolonged eye closure to reduce accident risk.

◆ **AI-Based Intrusion Detection System (SecuVerse)**

Tech Stack: Python, Scikit-learn, Pandas, NumPy

- ▶ Designed an ML-based system classifying network traffic as normal or malicious across multiple attack categories using SVM, Decision Tree, and Random Forest models, generating real-time alerts for anomalous traffic.

CERTIFICATIONS

- ▶ **Introduction to Industry 4.0 and Industrial Internet of Things** — NPTEL
- ▶ **Human-Computer Interaction** — NPTEL
- ▶ **Introduction to Cybersecurity** — Cisco Networking Academy
- ▶ **C Programming** — Infosys Springboard
- ▶ **IoT Platforms Overview** — Infosys Springboard

KEY ACHIEVEMENTS

- ▶ Earned 18 additional credits toward the B.Tech (Honours) qualification.
- ▶ Ranked among national top performers scoring 95% in NPTEL Human-Computer Interaction.
